Dear Mr. President:

As discussed on our April 19, 2021 Zoom call concerning our Universality of Italian Heritage Curriculum lesson usage, we, the New Jersey Italian Heritage Commission encourage the Joint Civic Committee of Italian Americans in Chicago, Il., to use our curriculum for the purposes of education, for the public, interested organizations and the school system.

The 2002 New Jersey statute created our commission and the Institute of Italian and Italian American Heritage Studies for just such a purpose. This donation / gift agreement for our intellectual property is offered at no cost. However, we would expect that you in turn do not charge, collect fees or resell this property and to not alter its composition. We further expect the users to acknowledge our NJIHC for the use of this gifted property.

Sincerely yours,

Robert J. DiBiase – Chair.
